## DETAILED ACTION

### *Claim Rejections - 35 USC § 102*

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

Claims 1-22 are rejected under 35 U.S.C. 102 (b) as being anticipated by Shimabara (US 20030023374A1).

Shimabara teaches a car navigation system comprising: a map readout controller (12) for reading out the map data having a predetermined display range in according to the vehicle position calculated from vehicle position detector (5) (Shimabara, page 3 and 4, paragraphs 0054, 0058), an input unit which described in the patent as a joystick, ten-digit keypad, and a determining key (Shimabara, page 3, paragraph 0053), Shimabara further teaches a land map search unit which is utilized to search in a land mark database land mark facilities to satisfy a user's request (Shimabara, abstract; figures 19 and 20, a user can select a land mark among land mark facilities as desired), Shimabara further teaches a map scale determining section (20) (Shimabara, figure 1) configured to determines a value of a scaling factor (reduced scale) which is set by the user's operation. By applying such the scaling factor, a main road including a running
